CASH FLOW

(SHINE LAWYERS)

SHINE LAWYERS:
FEES BILLED IN FY16 BY YEAR IN
WHICH WIP PERFORMED

> Work in Progress is realised in operating cashflow over a number of years (see chart). The level of operating cash flow is dependent on the overall value of fees billed and operating expenses in any one year.

GROSS OPERATING CASH FLOW (GOCF)

- > GOCF increased from \$13m to \$18.8m
- > The increase in GOCF was driven by:
 - strong billings in May and June 2016
 - internal focus on improving timeframes for cash collection
 - net disbursement funding grew by \$5.8m
 - focus on debtor collections
- > The strong cash flow enabled the Group to pay down some of its short term borrowings

PROVISIONING UPDATE

FOCUSED ON EXECUTION

-
- > Adjustment to WIP and disbursements provisioning methodology and debtors:
 - One-off \$17.5m adjustment in H1 FY16
 - > Strengthened provisioning methodology:
 - Provisions against WIP are made monthly based on historical recoverability rates
 - WIP and associated disbursements are fully provided if a case is assessed during the reporting period as “unlikely to be successful”
 - Includes a component for the risk of a matter for which no provision is currently held ultimately closing for no fee
 - > Typically applies to Shine Personal Injury (PI) business and not acquired businesses and class actions
 - > Management actions driving improvement in recoverability
 - > Focus on file to fee earner ratios, risk appetite and ensuring matters are allocated to the appropriate team
