SHINE CORPORATE LTD ABN: 93 162 817 905 AND CONTROLLED ENTITIES DIRECTORS' REPORT

Your Directors present their report, together with the consolidated interim financial report of the Group, being Shine Corporate Ltd ("the Company") and its controlled entities (collectively know as "the Group") for the half year ended 31 December 2015.

DIRECTORS

The names of the Company's Directors in office during the half year end and until the date of this report are set out below. Directors were in office for this entire period unless otherwise stated.

Tony Bellas
Carolyn Barker AM
Gregory Moynihan
Simon Morrison
Stephen Roche (resigned 4 September 2015)

REVIEW AND RESULTS OF OPERATIONS

A number of the issues set out below were previously addressed in the Company's ASX announcement on 29th January 2016.

Povonue

Consolidated revenue and other income for the half year was \$64,037,546 (31 December 2014: \$73,177,694), representing a decline of 12%. The decline in revenue was the result of a combination of higher than expected write-offs in the period and the recognition of additional provisions against work in progress ("WIP") of \$14,431,829. See note 6 to the financial statements for full details.

The higher write-offs included the impact in the current period of regulatory reform in Queensland in 2013 that affected statutory and common law workers compensation claims (subject to a 5% whole of body impairment threshold), along with a number of significant case losses in the Queensland Industrial Relations Commission during the period. Shine has a duty to both the Court and to its clients to ensure that, once a "no win, no fee" case is accepted, all avenues are explored and pursued to achieve a successful outcome for the client, even if that means the value of the work performed on the case exceeds the fee ultimately charged.

The Company reviews and adjusts its future expected recovery rates and its WIP provisions at each reporting date to reflect the latest actual recovery rate experience. During the current period, the Company conducted a detailed review of its WIP recovery rates and provisioning methodology using actuarial techniques. Whilst we provide for matters we know or reasonably suspect will be written off, we have reassessed the adequacy of the provision for the risk of other matters that presently appear to be good prospects but may ultimately be written off at some stage in the future. Recognition of this risk component was responsible for \$9.2m of the provision adjustments recognised at 31 December 2015.

Consequently, expected recovery rates on current matters were reduced and an additional provision of \$14,431,829 was recognised against WIP and a further \$2,127,000 against related disbursements to reduce their carrying value to their expected recoverable amount. The additional provision was determined to be a change in estimate in accordance with Australian Accounting Standards, therefore the full amount of the provision was recognised in the Interim consolidated statement of comprehensive income during the current period.

Expenses

Total expenses increased by \$10,244,772 (19%) from \$54,219,301 to \$64,464,073. This increase reflects the addition of the expenses of acquired business, Bradley Bayly and Best Wilson Buckley along with higher employee benefits expense and the unrecovered matter related expenses (as noted above) in Shine Lawyers. Employee benefits expense increased by \$3,939,838 (12%), from \$33,506,074 to \$37,445,912, reflecting the additional subsidiaries, higher staff numbers in Shine Lawyers in the current period compared to the prior comparative period and redundancy costs incurred as a result of rebalancing resources to better match capacity with available work. Unrecovered matter related expenses increased from \$2,044,136 to \$4,655,105. Unrecovered matter related expenses represent unrecovered disbursements and increased as a direct result of both the higher number and value of matters written off during the period along with additional provisions totalling \$2,127,000 recognised to reduce the carrying amount of remaining unbilled disbursements to their expected recoverable amount.

The consolidated net profit after income tax from continuing operations for the half year was \$1,330,938 (31 December 2014: profit of \$13,258,742).

Dividends

The Board of Directors did not declare an interim dividend (April 2015: 2.0 cents per share unfranked).

AUDITOR'S INDEPENDENCE DECLARATION

A copy of the auditor's independence declaration as required under section 307C of the Corporations Act in relation to the review of the half year report is provided with this report.

Signed in accordance with a resolution of the Directors.

NOTE 1 CORPORATE INFORMATION

Shine Corporate Ltd (the Company or the parent) is a company limited by shares incorporated in Australia whose shares are publicly traded on the Australian Stock Exchange.

The consolidated financial statements of Shine Corporate Ltd and its subsidiaries (collectively, the Group) for the six months ended 31 December 2015 were authorised for issue on 23rd February 2016 in accordance with a resolution of the Directors of the company.

NOTE 2 BASIS OF PREPARATION AND CHANGES TO THE GROUP'S ACCOUNTING POLICIES

Basis of Preparation

The interim consolidated financial statements for the six months ended 31 December 2015 have been prepared in accordance with AASB134 Interim Financial Reporting

The interim consolidated financial statements do not include all the information and disclosures required in the annual financial statements, and should be read in conjunction with the Group's annual financial statements as at 30 June 2015.

Changes in Accounting policies, Accounting standards and interpretations

The accounting policies adopted in the preparation of the interim financial statements are consistent with those followed in the preparation of the Group's annual consolidated financial statements for the year ended 30 June 2015, except for the adoption of new standards and interpretations noted below:

(a) New Accounting Standards for Application in Future Periods

Accounting Standards and Interpretations issued by the AASB that are not yet mandatorily applicable to the Group, together with an assessment of the potential impact of such pronouncements on the Group when adopted in future periods, are discussed below:

- AASB 15: Revenue from Contracts with Customers (applicable to annual reporting periods beginning on or after 1 January 2018)

In May 2014, the IASB issued IFRS 15 Revenue from Contracts with Customers, which replaces a number of existing standards.

The core principle of IFRS 15 is that an entity recognises revenue to depict the transfer of promised goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. An entity recognises revenue in accordance with that core principle by applying the following steps:

- (a) Step 1: Identify the contract(s) with a customer
- (b) Step 2: Identify the performance obligations in the contract
- (c) Step 3: Determine the transaction price
- (d) Step 4: Allocate the transaction price to the performance obligations in the contract
- (e) Step 5: Recognise revenue when (or as) the entity satisfies a performance obligation

The potential impact of this standard is still being assessed. However early indications are that it will not have a material impact on the Group.

- IFRS 16: Leases (applicable to annual reporting periods beginning on or after 1 January 2019)

The key features of IFRS 16 are as follows:

- (a) Lessees are required to recognise assets and liabilities for all leases with a term of more than 12 months, unless the underlying asset is of low value
- (b) A lessee measures right-of-use assets similarly to other non-financial assets and lease liabilities similarly to other financial liabilities
- (c) Assets and liabilities arising from a lease are initially measured on a present value basis. The measurement includes non-cancellable lease payments (including inflation-linked payments), and also includes payments to be made in optional periods if the lessee is reasonably certain to exercise an option to extend the lease, or not to exercise an option to terminate the lease
- (d) IFRS 16 contains disclosure requirements for lessees

The potential impact of this standard is still being assessed. However early indications are that it will have a material impact on the Group, with operating leases for premises, computers and motor vehicles likely to be brought onto the balance sheet, increasing both assets and liabilities. Details of these leases can be found in note 17(b). This will have an impact on net debt calculations in future.

NOTE 3 SEASONALITY OF OPERATIONS

The Group does not incur any high seasonality as considered by AASB 134 Interim Financial Reporting, meaning reported results are not seasonally impacted. However, the Group has historically recorded a significantly higher rate of settlements and consequently cashflows, in the second half of each financial year.

NOTE 4 BUSINESS COMBINATIONS

Acquisition of Best Wilson Buckley Family Law Pty Ltd

Effective from 1 October 2015, the Group acquired 100% of the voting shares of the existing law practices of Best Wilson Buckley Family Law Pty Ltd ("BWB"). The results and balance sheet of the acquired entity have been included in full in these consolidated financial statements.

The Group has acquired BWB in line with its strategic objective to diversify earnings through the expansion of its work types. The acquisition has been accounted for using the acquisition method as described in AASB3 Business Combinations. Provisional accounting has been adopted as at 31 December 2015. The consolidated financial statements include the results of BWB for the period 1 October to 31 December 2015.

The consolidated fair values of the identifiable assets and liabilities of BWB as at the date of acquisition were:

Assets	Fair value recognised on acquisition
Work in progress (WIP)	306.250
Plant & equipment	164.815
Trade receivables	1,821,360
Provision for doubtful debts	(178,939)
Prepayments	93,491
Other receivables	339,437
Deferred tax asset	83,187
Total assets acquired	2,629,601
Liabilities	
Bank overdraft	(315,737)
Borrowings	(27,314)
GST	(116,727)
Trade payables	(42,491)
Provision for income tax payable	(233,717)
Provision for annual leave	(211,444)
Provision for long service leave	(65,846)
Other creditors	(93,289)
Accrued expenses	(51,175)
Total liabilities acquired	(1,157,740)
Total identifiable net assets at fair value	1,471,861
Goodwill arising on acquisition	5,129,503
Purchase consideration	6,601,364
Analysis of cash flows on acquisition:	
Net cash acquired with the subsidiary	(315,737)
Cash paid	(3,387,813)
Net cash outflow	(3,703,550)
Total purchase consideration consists of:	
Cash paid	3,387,813
Ordinary shares in Shine Corporate Ltd issued on 21 October 2015	3,387,813 774,269
Fair value of deferred and contingent consideration payments	2,439,282
r air value or deferred and contingent consideration payments	
	6,601,364

The goodwill recognised is primarily attributed to the knowledge and practises of the staff in continuing to run a very successful business. The goodwill is non deductible for income tax purposes.

The fair value of trade receivables is deemed to be their gross value less the provision for doubtful debts. The fair value of work in progress (WIP) was estimated based on a detailed review of open case files at the acquisition date.

Transaction costs of \$8,746 have been expensed and are included in the operating expenses in the interim statement of other comprehensive income, and form part of the operating cash flows in the interim statement of cash flows.

From the date of acquisition, BWB has contributed \$1.24m of revenue and \$0.3m to the net profit before tax from the continuing operations of the Group. If the acquisition had taken place from 1 July 2015, the revenue would have been \$3.59m, with a consolidated Group revenue of \$66.35m and the profit from continuing operations before tax would have been \$0.7m, with the consolidated Group profit before tax improving from (\$0.4.m) to zero.

NOTE 5 OPERATING SEGMENTS

General Information

Identification of reportable segments

The Group has identified its operating segments based on the internal reports that are reviewed and used by the managing director (chief operating decision maker) in assessing performance and in determining the allocation of resources

The Group operates in two reporting segments being personal injury and emerging practice areas. The business undertaken by Risk Worldwide New Zealand Limited does not meet the specific criteria in AASB8 which means it is not considered as its own reporting segment. Therefore as Risk Worldwide New Zealand Limited currently accounts for significantly less than 10% of the group revenue, profit or assets, this business has been grouped together with emerging practice areas, as permitted under AASB8.13.

The Group does not have any customers which represent greater than 10% of total revenue

Types of products and services by segment:

Personal injury remains our core business in damages based plaintiff litigation. Services offered include medical negligence, public liability, catastrophic injuries, workers' compensation, and motor vehicle accidents. This area also includes the acquisitions of Stephen Browne Personal Injury Lawyers, Sciacca's Lawyers and Bradley Bayly.

(ii) Emerging practice areas

The Group has diversified to include emerging practice areas such as disability insurance and superannuation claims, professional negligence, social justice, class actions, first party insurance recovery claims, landowners' rights, family law, aviation, product liability and asbestos compensation. This area includes the acquisitions of Emanate Legal Services and Best Wilson Buckley.

Basis of accounting for purposes of reporting by operating segments (a) Accounting policies adopted

Unless stated otherwise, all amounts reported to the managing director, being the chief operating decision maker with respect to operating segments, are determined in accordance with accounting policies that are consistent with those adopted in the annual financial statements of the Group.

(b) Unallocated items

Any revenues, costs, assets and liabilities that are managed on an overall group basis are not allocated to an individual segment.

(c) Adjustments and eliminations

inance income and costs are not allocated to individual segments as the underlying assets are managed on a group basis.

Current and deferred taxes are not allocated to individual segments as they are also managed on a group basis.

All operations are conducted within Australia with the exception of Shine NZ Services Pty Ltd and the Group's interest in the associated company, Risk Worldwide New Zealand Limited which are located in New Zealand.

NOTE 6 CHANGE IN ACCOUNTING ESTIMATE

During the period, the Company conducted a detailed review of its work in progress recovery rates and provisioning methodology. The review identified that additional provisions of \$16,558,829 were required against work in progress and related disbursements to reduce their carrying value to their expected recoverable amount. In addition, a review of the Company's trade receivables identified that a provision of \$976,902 was required to reduce their carrying value to their expected recoverable amount.

The additional provisions were determined to be a change in estimate in accordance with Australian Accounting Standards. Accordingly they were recognised in the current period within the following line items:

A component of Shine's current finance facilities were due to mature in March 2016 and are therefore classified as current liabilities in the Statement of Financial Position. Subsequent to the end of the period, new facility agreements have been executed with the Group's bank, CBA. Further details on these new facilities can be found in note

(b) Debt covenants

The bank debt is secured by a fixed and floating charge over the assets of the Group. Covenants imposed by the bank require total bank debt not to exceed 60% of work in progress (net of provisions), and for net cash provided by operating activities plus interest costs divided by interest costs to remain above 3 times on a rolling 12 month basis. As at 31 December 2015 the Group is in compliance with all of its bank covenants.

During the half year, share capital was increased by \$1.76m, with the issue of 0.76m ordinary shares for part consideration in business acquisitions.

Ordinary shares participate in dividends and the proceeds on winding-up of the parent entity in proportion to the number of shares held. At the shareholders' meetings each ordinary share is entitled to one vote when a poll is called, otherwise each shareholder has one vote on a show of hands.

NOTE 17 CAPITAL AND LEASING COMMITMENTS

(a) Finance Lease and Hire Purchase Commitments

The Group has finance leases and hire purchase contracts for various items of plant and equipment. These leases have terms of renewal but no purchase options and escalation clauses. Renewals are at the option of the specific entity that holds the lease. Future minimum lease payments under finance leases and hire purchase contracts together with the present value of the net minimum lease payments are as follows:

	Consolidated Group	
	31 December 2015	30 June 2015
	\$	\$

Less future finance charges	(190,685)	(246,987)
Present value of minimum lease payments	2,940,223	2,509,067

(b) Operating Lease Commitments

The Group has entered into commercial leases on certain items of plant and equipment and property. These leases have an average life of between three and five years with no renewal option included in the contracts. There are no restrictions placed upon the Group by entering into these leases. Future minimum rental expenses under non-cancellable operating leases are as follows:

	Consolidated Group	
	31 December 2015	30 June 2015

NOTE 18 CONTINGENT LIABILITIES AND CONTINGENT ASSETS

Estimates of the potential financial effect of contingent liabilities that may become payable:

Contingent consideration - business acquisitions

As part of the purchase agreements with the acquired companies of Stephen Browne Personal Injury Lawyers, Emanate Pty Ltd, Sciacca's Lawyers Pty Ltd, Sciacca's Family Lawyers Pty Ltd and Best Wilson Buckley, a portion of the consideration was determined to be contingent, based on the performance of the acquired entity. Performance is determined by both cash earnings and number of file openings over an agreed period. The Group has recognised \$7,050,905 subject to maximum targets being met. This amount represents a net present value as at 31 December 2015 of \$6,849,128. The fair value of these liabilities are included within Other current financial liabilities in the Statement of Financial Position.

Bank guarantees

Bank guarantees are contracts that are measured in accordance with AASB 137: Provisions, Contingent Liabilities and Contingent Assets.

The bank guarantee facility limit as at 31 December 2015 was \$5,000,000 (2014: \$2,250,000) of which \$2,568,069 (2014: \$95,292) was unused at the end of the reporting period. Total guarantees provided in respect of property leases were \$2,431,931 (2014: \$2,154,708).

Contingent liabilities

The group has entered into an agreement with Wingate Asset Finance to provide disbursement loans to its clients. In the event the client's case is not successful, the group has provided an indemnity to Wingate Asset Finance for the loan. The total value of all disbursement loans at 31 December 2015 is \$7,898,307, which represents the Group's maximum potential exposure. These loans are recorded within disbursement creditors in the Statement of Financial Position and an equal and offsetting amount is recorded in current assets within unbilled disbursements.

NOTE 19 EVENTS AFTER THE REPORTING PERIOD

Other than the following, the directors are not aware of any significant events since the end of the reporting period.

On 22 February 2016 the Group entered into a number of agreements with its banker, CBA, to rollover and restructure its debt facilities that were due to mature in March 2016. The new facilities provide total committed funding of over \$88m of which only \$45m is currently drawn. \$38m of the drawn loan facilities are on an interest only basis and are spread over a range of tenors from 2 to 5 years. This provides a degree of protection to Shine against adverse credit market conditions in the future. The new facilities also provide enhanced liquidity, with over \$25m available to cover file purchases, acquisitions costs (including deferred and contingent consideration) and short term working capital requirements. The remainder mainly relates to equipment leasing facilities which will be used to fund the Group's IT transformation project costs.

NOTE 20 RELATED PARTY TRANSACTIONS

Related Parties

(a) The Group's main related parties are as follows:

i. Key Management Personnel:

Any person(s) having authority and responsibility for planning, directing and controlling the activities of the entity, directly or indirectly, including any director (whether executive or otherwise) of that entity are considered key management personnel.

ii. Entities subject to significant influence by the Group:

An entity that has the power to participate in the financial and operating policy decisions of an entity, but does not have control or joint control over those policies, is an entity which holds significant influence. Significant influence may be gained by share ownership, statute or agreement.

(b) Transactions with related parties:

Transactions between related parties are on normal commercial terms and conditions no more favourable than those available to other parties unless otherwise stated.

The following transactions occurred with related parties:

iv. During the half year period \$110,000 was paid in consultancy fees to Stephen Roche (31 December 2014: nil).

NOTE 21 FAIR VALUE MEASUREMENTS

The Group measures and recognises the following assets and liabilities at fair value on a recurring basis after initial recognition of:

obligations for contingent consideration arising from business combinations.

The Group does not subsequently measure any liabilities at fair value on a non-recurring basis.

(a) Fair value hierarchy

AASB 13 requires the disclosure of fair value information by level of the fair value hierarchy, which categorises fair value measurements into one of three possible levels based on the lowest level that an input that is significant to the measurement can be categorised into as follows:

Level 1

Level 2

Level 3

active markets for identical assets or liabilities that the entity can access at the measurement date.

Measurements based on quoted prices (unadjusted) in Measurements based on inputs other than quoted prices Measurements based on unobservable inputs for included in Level 1 that are observable for the asset or liability, either directly or indirectly.

The fair values of assets and liabilities that are not traded in an active market are determined using one or more valuation techniques. These valuation techniques maximise, to the extent possible, the use of observable market data. If all significant inputs required to measure fair value are observable, the asset or liability is included in Level 2. If one or more significant inputs are not based on observable market data, the asset or liability is included in Level 3.

(b) Valuation techniques

The fair value of the contingent consideration in the business combinations is determined by performance forecasts which are used to estimate future cash flows. These cash flows are discounted back to a present fair value amount using the applicable discount rate.

The following tables provide the fair values of the Group's assets and liabilities measured and recognised on a recurring basis after initial recognition and their categorisation within the fair value hierarchy

				31 December 2015	
		Level 1	Level 2	Level 3	Total
	Recurring fair value measurements	\$	\$	\$	\$
	Liabilities				
	Contingent consideration		-	6,849,128	6,849,128
	Total liabilities recognised at fair value		-	6,849,128	6,849,128
				30 June 2015

	Total liabilities recognised at fair value		-	9,202,295	9,202,295
(c)	Reconciliation of recurring Level 3 fair value measurements			31 December 2015	30 June 2015
	Balance at the beginning of the year			9,202,295	
	Additions during the year			371,040	8,477,862
	Interest - discount unwind			211,773	724,433
	Gains/losses recognised in profit or loss during the year			250,304	
	Settlements during the year			(3,186,285)	
	Balance at the end of the year			6,849,128	9,202,295

(d) Sensitivity analysis for recurring level 3 fair value movements

The Group has conducted a sensitivity analysis of the unobservable inputs and determined that a reasonable movement in these inputs could materially impact the fair value of the contingent consideration as at the reporting date. The key unobservable input is the expected EBITDA for each subsidiary subject to a contingent consideration payment. The potential decrease in the fair value of the contingent consideration payable from a reasonable change in forecast EBITDA is \$2,900,000 whilst the potential increase in the fair value of contingent consideration payable from a reasonable change in forecast EBITDA is \$800,000.

Independent review report to the members of Shine Corporate Ltd

Report on the Half-Year Financial Report

We have reviewed the accompanying half-year financial report of Shine Corporate Ltd, which comprises the interim consolidated statement of financial position as at 31 December 2015, the interim consolidated statement of comprehensive income, interim consolidated statement of changes in equity and interim consolidated statement of cash flows for the half-year ended on that date, notes comprising a summary of significant accounting policies and other explanatory information, and the directors' declaration of the consolidated entity comprising the company and the entities it controlled at the half-year.

Directors' Responsibility for the Half-Year Financial Report

The directors of the company are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards and the Corporations Act 2001 and for such internal controls as the directors determine are necessary to enable the preparation of the half-year financial report that is free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express a conclusion on the half-year financial report based on our review. We conducted our review in accordance with Auditing Standard on Review Engagements ASRE 2410 Review of a Financial Report Performed by the Independent Auditor of the Entity, in order to state whether, on the basis of the procedures described, we have become aware of any matter that makes us believe that the financial report is not in accordance with the Corporations Act 2001 including: giving a true and fair view of the consolidated entity's financial position as at 31 December 2015 and its performance for the half-year ended on that date; and complying with Accounting Standard AASB 134 Interim Financial Reporting and the Corporations Regulations 2001. As the auditor of Shine Corporate Ltd and the entities it controlled during the period, ASRE 2410 requires that we comply with the ethical requirements relevant to the audit of the annual financial report.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Independence

In conducting our review, we have complied with the independence requirements of the Corporations Act 2001. We have given to the directors of the company a written Auditor's Independence Declaration, a copy of which is included in the Directors' Report.

Conclusion

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the half-year financial report of Shine Corporate Ltd is not in accordance with the Corporations Act 2001, including:

- giving a true and fair view of the consolidated entity's financial position as at 31 December 2015 and of its performance for the half-year ended on that date; and
- b) complying with Accounting Standard AASB 134 Interim Financial Reporting and the Corporations Regulations 2001.
